Dear Sir.

I send you a copy of the N.Y. Evangelist containing in its editorial columns an article on Berea College. Would you not enjoy writing to the Independent an article on the topic suggested in the pair of your letter which I have underscored? I make it simply as a suggestion. Every such notice, if judicious, is of great value to the Institution and to me in my work. I do not care to have any mercenary air about it of course. But you must feel the utmost freedom to write or not as you may see fit.

Most truly
Yours
J. G. Fairchild
